# OUR PROCESS

FROM IDEA TO CULMINATION, WE MAKE  
EVERY STEP SMOOTHER.

## 1. Concept

*Big ideas start small. We help them grow.*

Whether it's a sketch on paper or a vision in progress, we join in early. Our team listens, explores options, and helps shape ideas into practical, buildable concepts. Early collaboration saves time, reduces costs, and keeps your project moving along the path.

## 2. Design

*From first sketches to final plans, we keep it simple.*

We start with preliminary designs and budget pricing to give you a clear path forward. From there, our team refines details, materials, and drawings to align with your goals, saving time and effort.

## 3. Engineering

*We handle the details so you don't have to.*

Engineering should feel like a guide, not a roadblock. Our licensed team transforms ideas into stamped, code-compliant drawings while solving challenges along the way. Clear communication and practical solutions keep your project on track with confidence.

## 4. Fabrication

*Built right the first time.*

Our fabrication process is built for precision and reliability. With AISC & AITC certified facilities, AWS certified welders, robotic steel cutting, automated sandblasting, and a five-stage powder coat system, we deliver consistent quality. Prefabrication reduces on-site headaches and ensures your structure is ready to perform.

## 5. Delivery & Support

*We don't just ship it. We see it through.*

From shop to site, we coordinate every detail so your structure arrives safely and on schedule. Our prefabricated systems simplify installation, while our team remains available for questions and support. The result is a smoother project with fewer surprises, letting you focus on the big picture.

## 6. Partnership

*We walk the trail with you, every step of the way.*

Every project is a journey, and we're here as your guide. From the first sketch to the final bolt, our role is to simplify the path, reduce obstacles, and make your vision easier to achieve. With Legend Structures, you gain a partner who values collaboration, craftsmanship, and community, so you can focus on what matters most.

# SHADE STRUCTURES

STRONG, STYLISH, AND BUILT TO ENDURE. AN IDEAL FIT FOR YOUR PARK OR COMMUNITY SPACE.

## Gable

*Strong lines. Classic look. Fan favorite.*

The gable is a parks classic; simple, strong, and timeless. Its open form creates a welcoming retreat for ballfields, trails, or plazas where people gather, rest, and recharge.

## Hip

*Maximum protection. The dependable choice.*

Built for balance, the hip roof sheds the elements from all sides. It's sturdy, stylish, and ready for everything from playground shade to picnic pavilions to trailhead shelters.

## Square Hip

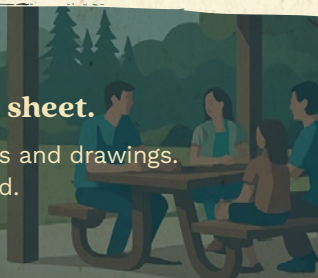

*Symmetry meets function.*

Crisp and symmetrical, the square hip brings order to outdoor spaces. With even slopes and clean lines, it feels right at home in civic greens, rec centers, and campus quads.

**Every shelter has a spec sheet.**

The tools you need to plan your build.

## Hexagon

*A little different, and that's what makes it great.*

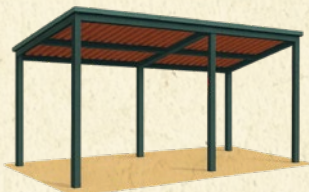

Six sides, endless charm. The hexagon is a crowd-pleaser that makes any park feel special. Great for gazebos, playground hubs, or central gathering spots with a touch of adventure.

## Octagon

*Eight sides, endless customizations.*

The octagon is bold and memorable, a true destination piece. Its distinctive form draws people in, making it perfect for signature park structures, and community gathering points.

## Monoslope / Dugout

*One bold slope. Many uses.*

Sleek and functional, the monoslope roof delivers a modern edge with a single dramatic pitch. It's ideal for dugouts, bleacher covers, walkways, cantilevered shade, and outdoor stages. Simple, strong, and versatile.

## Custom

*If you can dream it, we can build it.*

For ideas that don't fit a template, custom is where the magic happens. We team with designers and communities to turn unique visions into signature outdoor structures that are built to last.

# MARKETS WE SERVE

STRUCTURES BUILT FOR THE TRAIL AHEAD, WHERE COMMUNITIES GATHER, PLAY, AND DISCOVER.

## 🌲 Parks & Recreation

*The heart of the community.*

Where communities gather, play, and celebrate the outdoors. Our structures create welcoming spaces for picnics, concerts, and festivals. Durable shelters that blend naturally into trails, greens, and open park landscapes.

## 🏆 Sports & Athletics

*Game on. A good seat and a little cover.*

From dugouts and bleacher covers to bocce, basketball, and pickleball court shelters, we build structures that keep athletes and fans in the game. Our designs deliver protection, comfort, and style across every field and court.

## 🎵 Entertainment

*Big sound. Bright lights. Open air.*

Concerts, fairs, and outdoor festivals need spaces that work as hard as the performers. Our band shells, pavilions, and custom covers set the stage for unforgettable events under the open sky.

## Education

*Shade for study, space for play.*

Schools and campuses thrive on outdoor connections. From walkways to outdoor classrooms to playground covers, our structures extend learning and gathering spaces. Practical, durable, and built to inspire curiosity beyond the walls.

## Functional Art

*Not just a shelter. A statement.*

When shade and shelter meet creativity, structures become landmarks. We help designers transform ideas into signature gathering points. Bold, functional art that makes spaces memorable and communities proud.

## Commercial

*Spaces that keep them coming back.*

Retail, healthcare, and office spaces benefit from outdoor areas that work beautifully and last. Our prefabricated solutions enhance campuses and courtyards with durable design that adds both function and character.
